

Data and Devices

If you don't have the right device or internet access, we may be able to help you.

What's available:

- A free device (such as a chromebook or a phone)
- Free mobile data
- Support to get set up and use it confidently

Who can apply:

- If you're on a low income or you're currently unemployed
- If you live with a disability or long-term health condition

How to apply:

- Online through our website
- In person at any drop in session
- Or ask a volunteer for a paper form. Available at our offices and outreach venues

All applications are assessed individually. If approved, you'll collect your device at a drop in session.

We're here to help everyone get online, get advice and move forward with confidence

No appointment needed – just drop in!

Find out how we can help you or someone you know get connected. Get in touch today!

**Lewes
District**

About the project

We know that getting online and finding advice you can trust isn't always easy. That's why we're offering free local drop in sessions to help build digital skills, access advice, and feel more confident doing everyday tasks online.

These sessions are run by Lewes District Citizens Advice in partnership with Tech resort CIC, and funded by the department for Science, Innovation and Technology.

The sessions will run from:

Friday 9th January 2026 to the end of March 2026.

- **Seaford office: Fridays 10am - 12pm**
- **Newhaven office: Fridays 2pm - 4pm**

Digital Skills Support

To help you build digital confidence, Tech Resort staff will be on hand to provide practical digital support.

Learn how to:

- Use your phone, tablet or computer safely and confidently
- Find and access online services that you need independantly
- Stay connected with friends, family and your community online

Advice first Aid

Our professionally trained volunteers provide guidance and signposting to reliable services to help you with everyday challenges.

Get support with:

- Housing & Benefits
- Employment
- Cost of living
- Finding Local services and support

With our support, you can deal with problems as they come and also gain the skills and confidence to access support online independently.
