

FOODBANK

A number of foodbanks & affordable food projects serve the Lewes District community. They can help with food if you have a short-term crisis due to a benefits delay or an unforeseen expense.

The foodbank can provide a balanced nutritional selection of tinned and dried food for up to 6 weeks depending on your circumstances.

Some foodbanks require a referral, which Lewes District Citizens Advice may be able to provide, others you can access directly.

Contact Lewes District Citizens Advice for tailored information about foodbank services available to you.

Below, and on the following pages you will find details of foodbanks across Lewes District
